

COVID-19 Home

Welcome to the MassArt COVID page. Information and tutorials on CoVerified, accessing campus, testing both on and off campus, and many other items are here.

Here is a model that demonstrates the many different methods we are using to prevent and manage COVID-19 on campus:

Each method has flaws and is not 100% effective; however, in combination these methods can be effective to make sure the community is as safe and healthy as possible.

For more information on MassArt's COVID operations, please see our website: <https://massart.edu/campus-health-safety>
